

AI Assistant Coding

Assignment-14.4

Name : Chunchu Siri

Hall Ticket No.: 2303A51281

Batch N0o.: 05

Lab 14: Web Frontend Development – AI-Assisted HTML/CSS/JS Generation

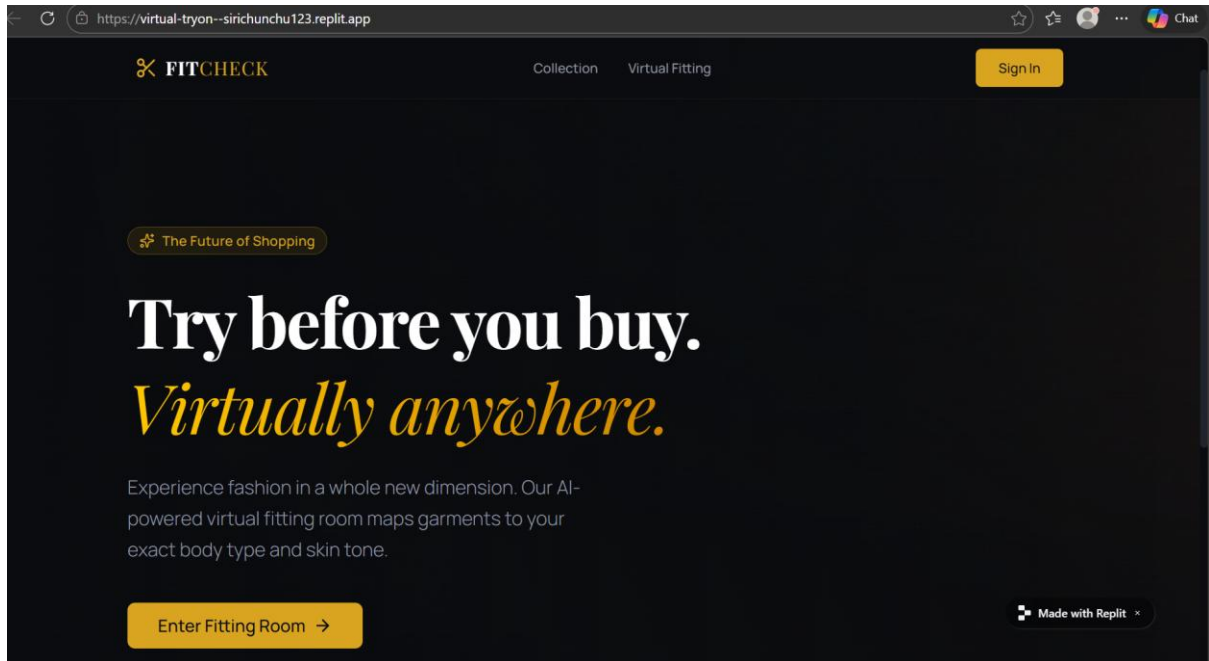

Steps:

At first we have to give prompt of what we want to the **Replit** . Then it will directly give the option to publish if we click on publish then we get a link from which our idea of website will be opened.

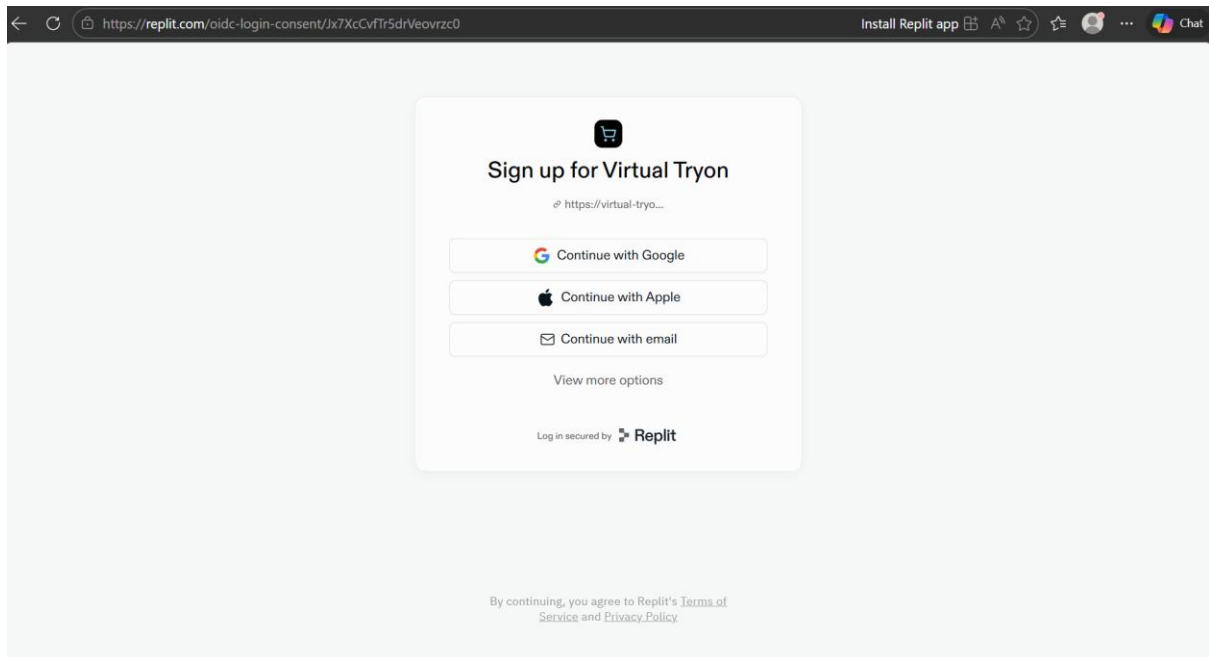

Prompt:

I want a website which is similar to online shopping but where I have to involve some more features that is there should be login first after that it should ask for personality and have a face scanner then there should be a model. When I select a dress it should be wore on model – it should ask for size, color, etc . The products can be from any platform like Amazon , Flipkart , Myntra anything when I select the dress it will be wore on model and when I want to buy the exact one it should navigate to the original platform . This website is only for “FitCheck”.

Task 1: Responsive Homepage Layout for a Startup Website

Task 2: Interactive Call-to-Action Button

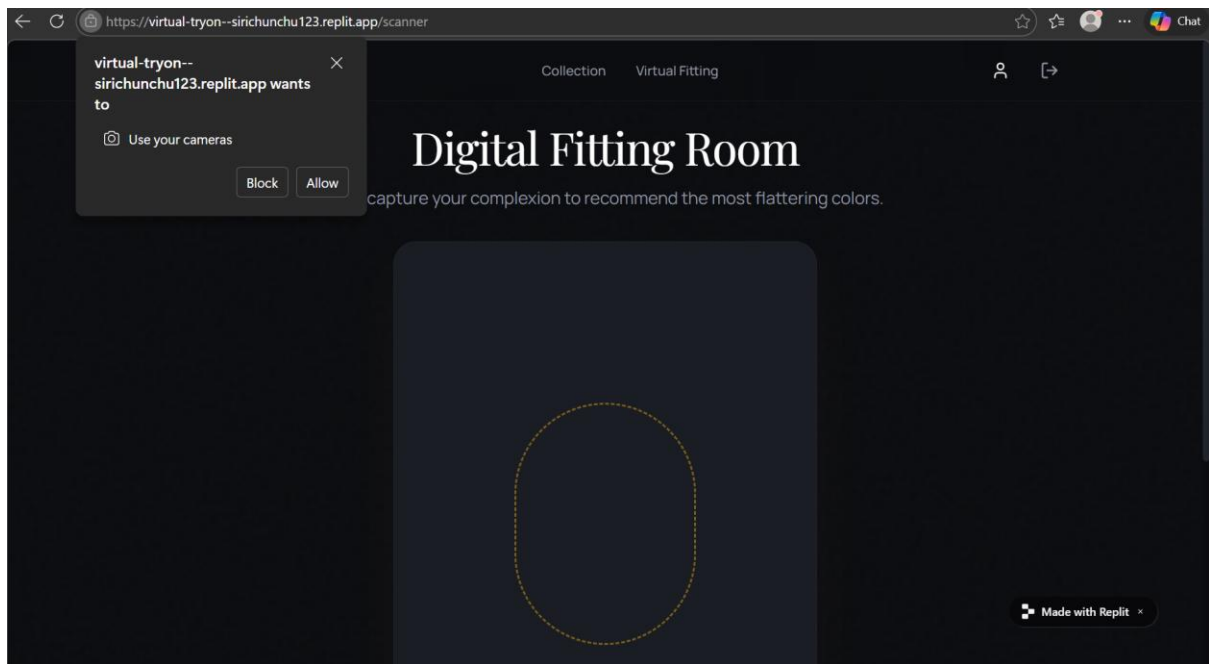

Task 3: Contact Form with Client-Side Validation

The screenshot shows the FITCHECK website interface. At the top, there's a navigation bar with the FITCHECK logo, links for 'Collection' and 'Virtual Fitting', and a user profile icon. Below the navigation bar, a progress indicator shows 'STEP 1 OF 3'. The main heading is 'What's your core style vibe?'. There are four selectable options, each with a background image and a label: 'Minimalist' (with a small 'Minimalist' label in the top left corner of the image), 'Bohemian' (highlighted with a yellow border), 'Formal/Chic', and 'Street/Sporty'. A 'Made with Replit' badge is visible in the bottom right corner.

Task 4: Dynamic List Management for a Product Page

The screenshot shows the FITCHECK website interface. At the top, there's a navigation bar with the FITCHECK logo, links for 'Collection' and 'Virtual Fitting', and a user profile icon. Below the navigation bar, a progress indicator shows 'STEP 3 OF 3'. The main heading is 'How do you prefer your clothes to fit?'. There are four selectable options, each with a background image and a label: 'Form Fitting', 'Tailored/Regular', 'Oversized/Loose', and 'Flowy/Draped'. A 'Made with Replit' badge is visible in the bottom right corner.

Task 5: Modal Popup for User Notifications
